## Determined To Safeguard Her Interests In China

Special to the H.K. Daily Press WASHINGTON, Jan 28 (Havas) Reinforcement of the Tientsin blockade is seen here as an indication of the Japanese Army's intention to continue its anti-foreign policy in China.

Although British and French interests are mostly affected by the blockade, the American Govrnment considers that American interests are also suffering therefore. Washington is detrmined to maintain close solidarity with the other signatories of the Nine-Power Treaty which manifested itself in American diplomatic action, supported by Britain and France, especially in denouncing the Trade Treaty.

All indications show that the United States Government intends to safeguard American interests in China before starting further negotiations with Tokyo for a new treaty modus vivendi or general agreement.

# Reached Interview

TOKYO, Jan. 28 (Reuter)—At a conference yesterday evening at which the Japanese Foreign Minister," Mr. Hachiro Arita, and senior members of the Foreign Office were present, it was concluded that the British Government had seemingly not given serious consideration to the Asama Maru incident from the broad point of view thus aggravating Anglo-Japanese relations, according to the Japanese News Agency.

THIS CONCLUSION WAS REACHED AFTER THE FOREIGN MINISTER'S INTERVIEW WITH THE BRITISH AMBASSADOR TO JAPAN, SIR ROBERT CRAIGIE.

Another Japanese protest will probably be made, the News Agency understands, refuting Britain's legal position in the matter and demanding the surrender of the 21 Germans to Japan.

It will be recalled that last Monday, the British Naval Authorities announced that certain German personnel of military age, who were en route to Germany, and who would be particularly useful to the German war effort were on Sunday, Jan. 21, removed from the liner Asama Maru, on the high seas in the North Pacific, by a British naval unit of the China Fleet.

#### ADVANCED CASES TO COUNTRY

An M.B., B.S., Hongkong) (1932), in reply to the Hongkons Daily Press questionaire, makes the following suggestions for combating the tuberculosis menace in the Colony:

Question: What, in your view. is the best way to tackle the T. B. menace in the Colony?

Answer: Isolate the advance cases. Under charitable organisation a lot of houses should be built near working places with good surrounding. Each fiat is limited to a certain amount of persons according to size. Forced education for the young. Exercise.

Question: How could methods you suggest best be enforced?

Answer: Help the advanced cases to go to country, otherwise send to a sanatorium. Inspect the houses by social worker with a view to give them some hygienic knowledge. Exercises and other games properly directed by an organised club in the leisure time in order to prevent them going

Question: Do you consider it essential that a sanatorium be established immediately as a preliminary to any subsequent measures for checking the spread of the disease?

Answer: A properly managed sanatorium is necessary. It must be familiarised.

THE LOT OF WANG CHING-WEI is, like that of the policemen in the "Pirates of Penzance," hardly a happy one, Still reeling from the made by Kao Chung-wu and Tao Hsi-sheng, Japan's premier puppet finds on every hand an increase of the obstacles which must be overcome before he can become her puppet premier. At the latest of many Tsingtao conderences, designed to" coordinate all the traitor regimes under a Japanese-controlled "Central Government," his ambitions have sustained yet another blow. ## 3 ACTRESSES ARRESTED

### Wearing Trousers In B.E.F. Zone

Three young actresses who went shopping in a town in the B. E. F. zone on Jan. 9 were arrested on suspicion of being spies-because they wore men's trousers.

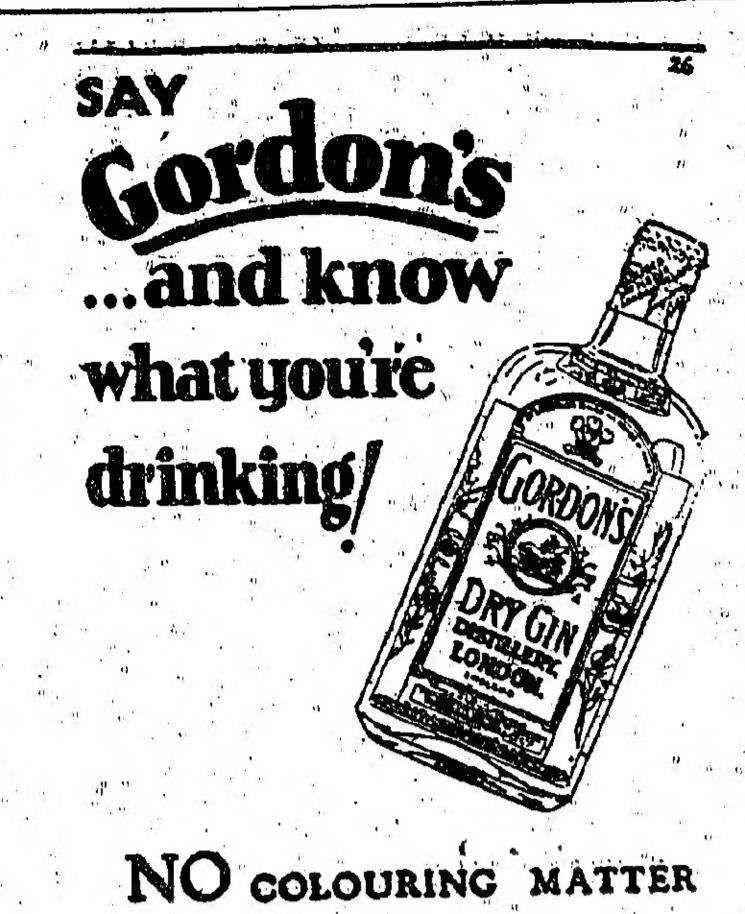

They were Miss Betty Bucknell, principal boy, Miss Freds Pettett and Miss Ann Angels, of an Aladdin company, which is in France giving shows to the troops and airmen. They were out shopping with two male members of the company, when two plain clothes police bificers asked them to go to police headquarters.

#### ARGUING IN STREET

When the young women asked a "peace settlement" based upon the reason they were told: "You the principles enunciated by Prince are wearing disguise and we Konoye a little more than think you are spies." No amount and firmly of arguing in the street did any Generalissimo good, the five artists went along

An hour later, after the services this is what Viscount Kano means of an official interpreter had been when he talks of a 'magnanimous obtained, the police chief accepted peace" then it is clearly preferable the explanation of the three that the war should continue, as suspects. He offered them wine and sent them back to their hotel. The actresses were told that it constituted a suspicious act for young women to wear men's trousers in provincial towns.

The Aladdin company arrived in France on Jan. 10, Miss Bucknell had to retire to her room with laryngitis, while another member of the cast had influenza. (Daily Telegraph).

NEW YORK, Jan. 27 (Reuter)-The Department of Argriculture Ch officials stated today that they may be forced to abandon the Chi cotton export subsidy some 1,500,-000 bales short of the goal, owing Chi to lack of funds...

No definite determination, how- Chi ever, could be made pending the final report of cancellations or Chi exports under the early high rate. Thus far cancellations amount Hor to about 50,000 bales, the majority Hul of which fell under the original Hu

rate of 11 cents. Unless cancellations increase Lui there will only be enough money ... available to make commitments 8'h for 6,500,000, bales, of which more Tientsin-Pukow Riy. 5% than 6,000,000 have already been Tientsin-Pukow Rly. 5% completed.
